

ROTARY FAMILY HEALTH DAYS

PRELIMINARY PROGRAM SUMMARY

TOGO 2018

Germain Tomegah RFHA Program Director in Togo

Date: 22-24 February 2018

Highlights

- Launch site was held in Lomé
- 5 Rotary Family Health Days sites across Togo
- 1324 people visited the sites
- 5 health services provided in total

PRELIMINARY SUMMARY

This short report is for activities from district in Togo.

Funding support for the program was from The Rotary Foundation Global Grant (10760,92 \$).

In the IDP camps we carried out blood glucose, deworming supplies, sphygmometers, mosquito nets, hygienic parks, test kits and distribution of condoms. Total number attending the camps were about 1500 persons.

The need for the outreach in our communities was emphasized with high enthusiasm expressed by the first authority of health, WHO, UNICEF the local Chief through the town carriers. Schools and some public places were used as sites. People were pleased and expressing the wish to support future programs.

Health talks were organized every day before the start of the testing and screening exercises in most of the sites. Topic include symptoms/ danger of HIV, usefulness of talking regular exercise, less sugar intake, more water intake and sanitary towels etc.
